

2012 National League Championships  
**Official Format B & C Grade**  
February 2012

---

- The 2012 National League Championships B and C grades will be a series of two ranking tournaments in each island culminating in a Finals competition where teams will be entered in ranked pools (i.e., two even numbered pools, ranked top half and bottom half) based on earlier results.
- The ranking tournaments shall be as follows: North Island 21 – 22 April (Lake Pupuke, Auckland), 14 – 15 May (Flaxmere, Hawkes Bay), South Island 24 – 25 March (Lake Roto Kohatu, Christchurch), 12<sup>th</sup> May (Dunedin or Gore tbc).
- Grand Finals 2 – 4 June (Naenae, Wellington).
- Players may only compete for one club.
- Teams are club based. All members of a team must be a member of the club they are playing for.
- New teams to the grade are required to gain permission from the Competitions Council.
- If any club wishes to enter two teams in the same grade they must provide distinct team lists that will apply for the duration of National League. Players may not move between two teams in the same grade at any time.
- If a club enters teams in more than one grade, i.e., A grade and B grade, players may not move between these teams. The exception to this rule is for women who may play for a women's team in A grade or B grade and simultaneously represent the same club in an open team in a different grade.
- All B Grade teams are required to supply one district referee unique to that team.
- All C Grade teams are required to supply one district referee unique to that team. The nominated referee must have a minimum qualification of district theory prior to the first competition. That referee must achieve a practical qualification prior to the end of the Grand finals.
- Any player red carded in a game automatically receives a one game ban for the next game that player is due to play for that team during National League.
- New Zealand Canoe Polo shall be responsible for: booking and meeting the costs of venues; providing competition quality balls; and organising referees, scorers, and timekeepers via the referees and duty team draws.
- An automatic \$50 fine shall apply for each duty missed. This shall be payable prior to the team's next game. Please note supplying an appropriately qualified referee as detailed above is part of team duty.
- All games shall be played according to the International Canoe Federation (ICF) Canoe Polo Competition Rules. Note: The shot clock will not be used in B & C grades.

#### **Regional / Island Based Tournaments**

- The draw for the B & C grade tournaments will be available at least one week before each tournament and will be determined by the Competitions Council in partnership with team managers.
- The draw format will be flexible to meet the requirements of teams in each island. This may include combining the draws for grades.
- Initial rankings in island-based tournament pools will be based on 2011 results. New teams will be ranked lowest. Subsequent pool groupings will be based on previous tournaments results.

#### **Finals Tournament**

- The Competitions Director shall determine the tournament draw which will be available for at least one week in advance.
- The Finals Tournament will run on 24 minute turnarounds, apart from final ranking games which will be a 30 minute turn around.
- Should overall entries for any category exceed 10 teams, the following format will apply: Two ranked pools (top half of each islands entries in the top pool and bottom half in the bottom pool) playing full round robins. Where an uneven number of teams are entered in one island the top pool will be the smaller of the two. Where an uneven number of teams are entered in both islands the first game at the finals tournament will be a play-off to determine which team progresses to the top pool.

- Where overall entries for any category is below 10 teams the Competitions Council will create an equitable format which, where possible, acknowledges rankings from island based tournaments.
- Gold, silver and bronze medals will be awarded.
